

BSC'S FIRST DESTINATION REPORT

The Bismarck State College First Destination Report reflects students' outcomes and their first destinations once they finish technical and career programs at BSC. This report provides prospective students with information as they begin researching possible educational and career paths.

Due to the cyclical nature of business and industry, this report is not a long-term view, but rather an informational resource for career planning. Local and regional economics may impact different outcomes in this report from year to year.

The data for this report was collected through e-mail surveys, telephone calls, and through information provided by BSC program instructors.

This report contains information concerning graduates of the respective programs in which they were enrolled. Students are identified for follow-up by the Registrar's Graduate Report, which ran from July 1, 2014 to June 30, 2015. A graduate is defined as a student who has completed the required coursework for an Associate in Applied Science degree, a Certificate, or Diploma program. These students must apply for graduation to be identified in the Registrar's Graduate Report.

The First Destination Report is provided by the BSC Mystic Advising and Counseling Center (MACC) as an extension of our work with students, employers and BSC staff. We also provide students and BSC employees with national labor market information, and other information relevant to career planning.

Students also have access to Job Seekers Network an online system used by the MACC to post employment opportunities. Find Job Seekers at bismarckstate.edu/students/services/careers.

Questions? Contact us at 701-224-5752 or online at bismarckstate.edu/students/services/careers.

and Advising Services

TRANSFER CURRICULA

Accounting	Nursing
Agriculture, Technology, Food and Natural Resources	Philosophy
Art—Visual	Physical Education
Biology	Physics
Business Administration	Political Science
Business Education	Pre-Chiropractic
Chemistry	Pre-Dentistry
Computer Science	Pre-Medical
Criminal Justice	Pre-Optometry
Economics	Pre-Pharmacy
Education-Early Childhood	Pre-Radiologic Technology
Education-Elementary	Pre-Respiratory Therapy
Education-Secondary	Pre-Veterinary
Engineering	Psychology
English	Religion
Foreign Language	Social Work
History	Sociology
Journalism	Speech Communication
Mathematics	Theatre Arts
Medical Laboratory Scientist	(Performance)
Music	Theatre Arts
	(Technical Theatre)
	Undecided/Liberal Arts

TECHNICAL PROGRAMS

Administrative Assistant General	Instrumentation & Control Technology
Legal Medical	Lineworker (Electrical)
Agriculture Industry and Technology (Agronomy)	Management
Automotive Collision Technology	Management (Entrepreneurship)
Automotive Technology	Mass Communications
Carpentry (Residential)	Mechanical Maintenance Technology
Computer Support Specialist	Medical Laboratory Technician
Criminal Justice	Military Science
Digital Audio Production	Nuclear Power Technology
Electric Power Technology	Nursing—Associate Degree Nurse (ADN)
Electrical Transmission Systems Technology	Nursing—Practical Nurse (PN)
Electronics Technology	Paramedic Technology
Electronics/Telecommunications Technology	Petroleum Engineering Technology
Engineering Technology	Petroleum Production Technology
Farm and Ranch Management	Phlebotomy Technician
Agribusiness Mgmt Farm and Ranch	Power Plant Technology
Farm Management Education	Process Plant Technology
Geographic Information Systems Technician	Renewable Generation Technology
Graphic Design and Communications	Surgical Technology
Heating, Ventilation and Air Conditioning	Sustainable Construction Technology
Human Services/Eligibility Worker	Technical Studies
Information Processing Specialist	Water & Wastewater Technology
	Web Page Development and Design
	Welding

Notes: Respondents were categorized as continuing their education if they were enrolled in a college/university and not employed. When relatedness of employment or location of employment was not reported by respondent but the company name was provided, research into the company's work and location led to categorizing location and relatedness to students' degree. Wages based on individuals with related employment regardless of location.
